GERMAN TROOPS ENTER RHINELAND ZONE

Reactions To French Accord With Soviet Russia

Berlin, March 7. German troops have entered the demilitarised zone. Germany has assured the Ambassadors that Germany was sending only a few battalions to the Rhineland as a demonstration, unostentatiously, and does not intend the reoccupation of the Rhineland in force.

A Cologne message states that the reoccupation started at 5 p.m. German troops entered Deutz on the east bank of the Rhine, opposite Cologne, and later marched into Mainz, Koblenz, Cologne and Frankfurt. They were frantically cheered.

LOCARNO PACT DENOUNCED
Germany has denounced the Locarno Pact and offers the Locarno Powers to negotiate a new treaty. She offers to re-enter the League of Nations on the condition of certain guarantees.

SEVEN CONDITIONS LAID DOWN

The Reichstag assembled at the Kroll Opera House, which was packed by noon, German time, when General Hermann Goering opened the session. Previously a military band entertained the Deputies with marching tunes. The Tiergarten and streets were thronged with listeners around loud-speakers.

Herr Hitler started speaking at 12:04 p.m. It is reported that the following points were included in the note handed by Herr Hitler to the Ambassadors to-day:

1. Germany attacks the Locarno Pact because of the Franco-Russian Pact.
2. She regards herself free from the stipulations concerning the demilitarised zone.
3. She expresses her readiness to agree to a new demilitarised zone, provided Belgium and France are also demilitarised zones.
4. She offers to sign a 25-years' non-aggression pact in the west, provided Italy and Britain agree to become the guarantors.
5. Germany offers to let Holland enter the pact.
6. She offers an air pact in the west and a non-aggression pact in the east, including Lithuania.
7. Germany expects that within a reasonable time, through friendly negotiations, the question of the colonies will be amicably adjusted.

If all these matters can be agreed on, Germany is ready to return to the League, but the Covenant must be separated from the Treaty of Versailles.

Reuter's Berlin correspondent understands that a plebiscite on Herr Hitler's foreign policy will be held on March 29.

GERMAN SACRIFICES

In his opening speech Herr Hitler said: "General Goering has summoned the Reichstag at my orders. The people instinctively regard this meeting as most decisive. Germany made heavy sacrifices for the new idealism entailed by President Wilson's 13 points and the creation of the League of Nations.

"There is now tension between the nations as never existed before. The war god has not laid down his armour but marches through the world more heavily armed than ever. We are not responsible for this. For the last 15 years Germany has not been a governing nation but one of the governed.

"The peace treaty was not drafted according to statesmanlike principles, but in an atmosphere of fear and hate. It was no basis on which to found a durable peace among neighbouring States.

"Germany will never break the peace of Europe. Every effort to settle European problems regardless of cultural and racial considerations must lead to a situation disagreeable to all."

Proclaiming the importance of national ties, Herr Hitler added: "There is talk of a German question. It was not concerned with our form of Government, but was a question of 80,000,000 Germans who have exactly the same requirements as Frenchmen and Englishmen." (Roars of applause).

PRESS ATTACKED

Herr Hitler attacked the foreign press, accusing them of discussing Germany's difficulties unfairly. The nations had forced Germany to take credits while destroying Germany's export trade, afterwards blaming Germany for her unwillingness to pay. How many worries would Europe have been spared if economic and political conditions had been settled sensibly.

The European nations were one family, sometimes quarrelsome but closely related. If commonsense were not employed there would be explosions which might leave chaos behind.

To many people the German problem was her alleged lust for war, her dormant aggressive intentions and devilish ability, in which she was believed to be able to overcome her opponents.

The Germans were not less industrious than other Europeans. They wanted the same right to live as others. They were just as little longing to die as heroes for fantastic ideals as the French or British. This problem could be understood by decent Frenchmen or British people.

One problem for Germany was Soviet interference with the German State.

"I am determined once and for all to solve the problem set by the Treaty of Versailles. Germany's rearmament in the last three years is not a resumption of the European problem, but it is a solution." "I have tried vainly during the last three years to establish understanding with the French. Why should not it be possible to set the European problem above the passions of pettiness and jealousy? But as regards Russia I oppose any co-operation with a Power aiming to convert the world to Bolshevism."

FRANCO-SOVIET PACT

Herr Hitler added: "To-day we hear of the beginning of a Franco-Soviet Pact. I have worked for three years for Franco-German understanding, without doubting that I should attain something, but all my proposals were rejected. However, the British Government, with its sense of realities, accepted my proposal for a naval limitation agreement, which is the only result of the disarmament efforts."

"My proposal for an air Locarno was likewise rejected. Then the Asiatic factor was drawn into the international discussion. It would have been easier for me to incite the German people to revenge than to foster international understanding, but I did more in the way of psychological preparation than any other statesman."

They saw the results at Garmisch-Partenkirchen. This willingness to seek a rapprochement was more important than the statesmen's efforts to invent complicated pacts.

ACCESS TO SEA

In a course of his speech Herr Hitler said: "We feel that it is most unfair that the access to the sea of a nation of 33,000,000 people should be cut through former Reich territory, but we recognise that it is unreasonable because it is impossible simply to wish to deny so great a State access to the sea."

Herr Hitler complained that his recent interview with French journalists was delayed in publication until after the Chamber had ratified the pact.

He added that he was compelled to face the consequences. "These were hard and regrettable. I am here not only to serve European understanding but to obey the behest of my nation, which would endure any hardships rather than renounce its honour and freedom."

Herr Hitler then read the memorandum sent to France, containing the seven points already mentioned.

AIMED AT GERMANY

The memorandum also emphasized that the Franco-Soviet Pact was aimed at Germany, whereby France was compelled to enter into hostilities with Germany, contrary to the principles of the League of

Herr Hitler terminated with an impassioned description of the Nazi work in the last three years, the Reichstag applauding wildly. He concluded at 1:35 p.m. German time.

General Goering announced the dissolution of the Reichstag on March 28 and new elections on March 29.

The sitting concluded with shouts of "Sieg" (victory) and "Heil" and the singing of the Horst Wessel Hymn and "Deutschland über Alles."

EARLY CABLES

Paris, March 7.

The German Chancellor, Herr Adolf Hitler, is announcing to-day that the German Government is denouncing the Locarno Pact of Versailles and the Pact of Locarno concerning the demilitarisation of the Rhineland zone, according to a message from Berlin.

Germany is prepared to offer guarantees regarding the western frontiers both to France and Hitler wishes to issue an ultimatum or to present a "fait accompli," but the denunciation is considered to be a symbolic gesture.

Following a hastily-convened conference of German Army Generals, it is understood that the German High Command expressed the view that a decision to re-occupy the Rhine militarily would lead to risks which the German Army was not in a position to assume, but it is stated that Hitler imposed his decision on them.

AMBASSADORS CALLED

Berlin, March 6.

It is understood the German Government has requested the British, French, Italian and Belgian Ambassadors to call at the Foreign Office at 11 o'clock tomorrow morning to hear a statement with respect to the Locarno Treaty.

IMPORTANT SPEECH

Berlin, March 6.

The Reichstag has been summoned for noon to-morrow and it is expected that the Chancellor, Herr Hitler, will make a long and important speech, upon which he has been working throughout the day.

EXPEDITION TO MOUNT EVEREST

Darjeeling, March 6.

Mr. Noel Humphreys, a member of the Mount Everest Expedition, left Darjeeling with his wife for Kaampong to-day. The party will go in batches, and Mr. Hugh Rutledge, the leader, will be the last to leave.

It is understood that the Indian Government has allowed one commissioned and two non-commissioned officers to accompany the expedition. The commissioned officer will stay two will accompany the climbers.

In connection with the blessing of the porters by a lama, he used a red cord on his stole, instead of the usual white, as he firmly believes that the expedition will reach the summit.

SAFETY OF BRITAIN

London, March 6.

"We cannot shut our eyes to what is going on elsewhere, and we must make our country safe," declared Mr. Neville Chamberlain, the Chancellor of the Exchequer, in a speech to his constituents at Edgbaston, Birmingham, to-night.

The Chancellor said the Government were determined to build up an Air Force possessed of such terrific striking power—a power to inflict such terrific damage on an enemy—that anyone would think a very long time before they start hostilities.

"We are not expecting war," Mr. Chamberlain said. "We hope it will never come, but we must be prepared for all eventualities."

ON BEING GROWN UP IN RELIGION

Sermon at the Cathedral

The following sermon: "On Being Grown Up in Religion" was delivered by Bishop Hall at the Cathedral yesterday.

I want to speak to you on these four Sunday mornings about being grown up in religion. For most of us, our religion is by being childish about it somewhere. We still keep a doll or an old woolly rabbit somewhere in our religious life.

Perhaps we always give up cigarettes in Lent, or wouldn't go to bed without kneeling down, or would feel unhappy if we passed Easter Day without making our Communion. These little habits in us "may" be just childishness.

Jesus took a child and set him in the midst, and said we must become as little children if we would share His Kingdom. But childishness is in another world from childhood. Childhood is a sign of a mind completely free and therefore completely adult. Childishness is a disease of the adult mind afraid of the freedom of childhood. No man can be fully adult until he is completely childlike.

God was never more fully, supremely God than in Bethlehem, and Jesus was supremely adult because He was supremely childlike. St. Paul links Bethlehem with Galilee and Calvary in that Philippiian poem in which he bids us be minded like Our Lord, who became a man and as a slave accepted the cruellest penalty of slavery, death upon a cross.

A SENSE OF SECURITY

To be fully adult is to be emptied of everything that is not essentially oneself; to be free from the comfort of dolls, teddy bears and woolly rabbits giving us a sense of security in world we are afraid to face. To be completely childlike is to let go all sense of security and all need of security in the glorious freedom of being oneself. And that freedom is only possible for those who having no fear have no need of the sense of security.

So the road to grownupness in religion, like all roads that lead into full manhood, is a road which you can travel either backwards or forwards, and it brings you always to the same place. The only rule is that you should never leave the road for something seeming more simple because, free paradox and contradiction. Only the seeming simple things have no contradiction at the heart of them. The really simple, the really childlike is not afraid of contradiction, contrast, paradox, opposites because it knows them both true and rejoices in them both.

SON OF GOD AND SON OF MAN

"If thou be the Son of God," are the words of the tempter. "Man" is the first word of Jesus' answer. But the words heard after His baptism were still ringing in His ears. "This is my beloved Son." "As Son of God," comes the temptation "you can make bread out of stones." "Man," comes the answer, "does not live by bread alone but by every word of God." And the word of God had come upon Him calling Him Son. Beloved Son, and by that word He was living. Son of God was only one word of God. The answer Jesus gave was "Man must live by every word that proceedeth out of the mouth of God." But there was another word as certain as the word of His baptism. He knew Himself to be in all things Man. Childhood, boyhood, manhood, joy, sorrow, hunger, thirst and weariness and the blessed comfort of food and drink and sleep, all these were as much His life as they are yours and mine, and He knew them also to be words of God. Both are true. He will deny neither. He is Man, and He is Son of God.

THE SON OF MAN

He holds these two opposites together in the name He used for Himself, the Son of Man.

Learned theologians have demonstrated only the essential childishness of so much theology by trying to find in old records some prophetic fancy which Jesus adopted as His own. It is a sign of childishness to be fascinated by words; of childlikeness to make new words to describe one's own living experiences.

My belief is that Jesus used for Himself a phrase of His own Aramaic language which we would translate the Son-Man, the Greeks would have to translate by the possessive case which is more far reaching in its meaning than our preposition "of." Even the Greek phrase "The Son of Man" could be translated The Son of Man nature.

Jesus left the wilderness content, free and full of power because He had seen clearly and finally that His Sonship and manhood were one life; and that as He lived the one to the full so would He live the other at its best. The eternal opposites of God and Man, creator and creature met in His life. His feet were set on a road which taken in either direction led to the same goal. If He lived as perfect man He would realise His vocation as beloved Son. He would be the perfect Man. Jesus life is simple because it holds in it the unsolved paradox of the temptation, the contradictory facts of God-head and Manhood, of human and divine.

In Jesus life as in our own there is a continual tension between religious experience and the experience of God in every day living. The pure in heart shall see God. Being pure in heart and lived a life of freedom and power, of childlikeness and complete grownupness because the tension was held in even balance by obedience to every word of God.

BE GROWN UP ABOUT LENT

Most of us don't keep Lent because we feel the things we used to do or others do about it are childish and we shrink from it. Some still keep it as a relic of childhood because they would feel somehow insecure if they did not do so. Some are struggling to keep it because clergy whom they meet still regard it as important.

Let us be grown up about it, or if you like childlike. For a child, a sunset and a violet, the death of a revered king and the death of a beloved animal, the magnificent, the humble are alike compelling in their power to stimulate imagination, wonder and joy.

For the truly grown up there is safety and a joy, a peace and a power which knows the servant with the towel and basin greater than Augustus or Pilate or Herod. You may have expected me to speak this morning of things I have seen in Yunnan, in distant corners of Kwangtung and in the remote market town of Kwangsi.

But I cannot at this moment talk of the details of the work in those places because throughout their lives have two deep experiences corresponding to Jesus' experiences in the wilderness.

A CONTINUAL REMINDER

And there has been also a continual reminder of human weakness, of weakness of physical endurance; weakness of character; blindness of vision, self-will and that absence of real greatness which is the common lot of nearly all men.

And is that not exactly your experience too in your own life. There are moments of vision when the heavens seem to open and we know God is God, is good, is Lord of all. Then there is the day-by-day living with ourselves so ordinary, so human and for all our eagerness so little.

And because we know our own littleness we hold on to childish things. This is my religious practice, this or that I will do about prayer, about self-denial, about communion, about Bible reading. Faced with the dilemma of God's greatness and our littleness we find an escape, like those who go insane, in childishness.

But there is another way, the way not of escape but of acceptance; acceptance of both facts and obedience to them, both, we must face both the fact of God's eternal greatness and our human littleness. Then we shall find both the adulthood and the childlikeness of Christ in an obedience to God's word spoken alike by the majesty He is and by the weakness He has made humanity. Then, knowing both these things, the greatness of God and the weakness of man we can make rules for ourselves again, no longer childish, based on a sense of insecurity, but childlike based on our trust in God and our distrust of ourselves.

Outwardly there may appear no difference between what is childish and what is childlike in our keeping of Lent. Inwardly there is all the difference. Are we with Christ in the wilderness facing God's majesty and our littleness or are we merely doing this to make us feel safe.

Jesus returned from the wilderness full of the Holy Spirit. Surely that means full of a radiant strength and peace. And the cause

PROFESSOR JEZE MOLESTED

[Special to the "Hong Kong Daily Press" (Copyright).]

Paris, Mar. 8.

In the Sorbonne, the University of Paris, renewed scenes of rowdiness occurred on Friday. Again Professor Jeze, in the faculty of law, who had acted as representative for the Ethiopian Government, was the object of the uproar. Doors were smashed, and the noise was so great that the Professor was obliged to terminate his lectures. Then the nationalist students, who are responsible for the anti-Jeze campaign, left the lecture room, and made a violent onslaught on left wing students in the corridors of the University and in the streets in the vicinity.

The Republican Guard finally had to interfere, in order to restore law and order.

Despite these disorders, Professor Jeze will continue his lectures on Saturday.

"YOUR UNCLE DUDLEY"

The debutante and matron in the small community who wants clothes that are modish but not bizarre, finds a number of practical hints in the gowns designed for the feminine principals of "Your Uncle Dudley", the Fox picture starring Edward Everett Horton and coming on Tuesday at the King's Theatre.

The locale of the picture is a typical small community, and its comedy revolves about the mishaps that befall a small town booster. But one of the principal attractions for the ladies are the gowns worn by Lois Wilson, Rosina Lawrence and Marjorie Gatenon.

In one sequence all wear evening gowns. Miss Wilson, whose

THE MAN WHO BROKE THE BANK AT MONTE CARLO

John Bennett a housekeeper? It's hard to believe that the lovely feminine lead of "The Man Who Broke the Bank at Monte Carlo", now at the King's and Alhambra Theatres, could be an efficient manager of household affairs. Her lovely face and dainty figure make it hard to believe that she would be even interested in such commonplace affairs.

But the facts, and Miss Bennett, speak for themselves. "Home-making should be the business of every young woman," says Miss Bennett. "Home-making is just that, a business of running the commissary and dormitory departments of life."

"I have often wondered why more girls do not make an intensive study of scientific household management. It is so important in their lives. I am proud of my ability to scientifically run my home."

Miss Bennett does all the buying for her home in Beverly Hills. She has an uncanny knowledge of values, whether it is foodstuffs or fabric or shoes for herself. She is said to have one of the best managed homes in the film colony.

In "The Man Who Broke the Bank at Monte Carlo", she plays opposite Ronald Colman as the girl who is hired by the gambling sundance to lure him back to Monte Carlo after he had broken the bank. Complications ensue when she proceeds to fall in love with him, as he does with her.

Others prominently cast are Colin Clive, Nigel Bruce and Montagu Love. Stephen Roberts directed the picture, which was produced under the personal supervision of Darryl F. Zanuck.

lovely colouring calls for slightly richer shades than most blondes, wears a deep coral crepe. It has no trimming except two heavy gold bow-knots.

Miss Gatenon appears in a startlingly effective out-fit of silver lame with accents of rose-erise. For the school-girl loveliness of Rosina Lawrence, a blue chiffon trimmed with tiny garters and violets proves a perfect choice.

THE IRISH IN US

Warner Bros. "The Irish In Us" with James Cagney, Pat O'Brien and Frank McHugh in the leading roles, is coming shortly to the Queen's Theatre.

It is said to be one of the most entertaining pictures of the season, combining riotous comedy with tense drama, pathos and a most unusual triangular romance, involving the love of two brothers for the same girl. The cast, as well as the director and most of the crew are Irish, including that inimitable trio, Cagney, O'Brien and McHugh as the three sons of Mary Gordon, herself born in Ireland.

Once a happy family, a rift sets in when Cagney and O'Brien fall in love with the same girl, Olivia de Havilland. The film presents what is said to be the longest and most fiercely fought ring bout in history. Although it takes but fifteen minutes on the screen, it was five days in the making. Cagney and Harry Parry, a former boxing champion are the contestants. J. Farrell MacDonald and Thomas Jackson also have important roles. The picture was directed by Lloyd Bacon, an Irishman, despite his English name.

"LAST OUTPOST"

Strongly reminiscent in treatment and significance of the sensational "Lives of a Bengal Lancer," but with an individual appeal that should, nevertheless, make it as eminently successful as the "Lancer" production, the new Paramount film, "The Last Outpost" is now at the Star Theatre.

Heading the cast of principals is Claude Rains of "Invisible Man" and "Crime Without Passion" fame, appearing in a role quite apart from any he has yet attempted on the screen, with Cary Grant, Gertrude Michael, Kathleen Burke and Colin Tapley.

Set against the colourful background of the Eastern Front during the World War, "The Last Outpost" tells a strangely intriguing, authentic story of the relentless warfare that the Turks waged in Kurdistan. In their endeavour to strike at India, the heart of the British Empire. Into this seething field of battle comes Cary Grant, captain of a British armoured car division. Captured by a band of Kurdish cavalry, he is rescued by Claude Rains, a British Intelligence officer who refuses to reveal his identity. The two form a strange friendship and, together, they save an entire Armenian village from massacre by the Kurds by taking men, women, children and cattle across a swollen river to the Mesopotamia mountains, at the same time averting a surprise attack on the British army stationed there.

Grant, having suffered an injury to his leg, is sent to the British hospital in Cairo. He falls in love with his nurse, Gertrude Michael, who, confessing her love for him, tells him that the man she married, a Secret Service agent, had not been heard from in three years. At this point Rains returns to claim his wife. Torn between love and duty, Miss Michael bids Grant, who does not know Rains is her husband, one last goodbye. Chance brings the two men face to face, alone in a remote garrison in the interior

ALIBI IKE

At The Queen's

Joe E. Brown is always good for a big laugh. He is the film favourite of all kids in whatever part of the world motion pictures are shown, and "taking the children to see Joe E. Brown," has become as pleasant a diversion for grown-ups as taking them to the circus.

Now Joe E. has the kind of a role his fans have always sought for him, and the immortal humour of the late Ring Lardner combined with the comedian's own talents, made the Warner Bros. home-run comedy "Alibi Ike," which is now showing to crowded houses at the Queen's Theatre, one of the season's smash hits.

As the title would imply, Joe E. is a great ball player who always has an alibi, no matter whether he is right or wrong. This habit not only cost him his girl, and led him to a series of adventures as thrilling as they are ludicrous.

That Joe E. is better than ever goes without saying, for he has a better and funnier role than usual, and one in which he is given a real opportunity. The story has more romance than is usual in a Joe E. comedy, the feminine lead being taken by Olivia de Havilland.

Others in the cast who do remarkable work are Ruth Donnelly, Roscoe Kerns, William Frerley, Eddie Shubert, Paul Harvey, Joseph King, Joseph Crohan, Adrian Rosley and a score of reputed ball players.

SCHOOL SPORTS

C.B.A. Holds Meet

Keen competition that displayed splendid sportsmanship, was witnessed at the ninth annual athletic meeting of the Central British School which was held on the school grounds at King's Park, on Saturday. There was a large attendance of parents and friends, prominent among whom were Mr. G. R. Sayer (Director of Education) and Mrs. Sayer, Mr. and Mrs. E. W. L. Martin, and the Rev. G. E. S. Updeale, Her master.

At the conclusion of the sports, and prior to the distribution of prizes to the successful competitors, the Headmaster in a few words addressed the gathering and thanked all connected with the organisation for the hard work put in to make the meeting the success it undoubtedly was. He also expressed appreciation to Mrs. Martin for so kindly accepting the invitation to distribute the prizes.

While congratulating the successful competitors, he consoled the losers and wished them better luck next time! The Inter-House Competition was won by the Cho-choate House while R. Holden annexed the Victor Ludorum Cup and Miss Peggy Stringer secured the Victorix Ludorum Cup.

ROBBERY SEQUEL

Two Men Indicted

A sequel to the armed robbery at West Point was heard at the Central Court on Saturday when Tsai Tak-pau, 26, a noodle maker, appeared before Mr. Schofield on a charge of receiving stolen property, namely, 1 gold ring set with diamonds, 1 platinum wrist watch and 1 gold wrist watch, 1 gold earring, 3 pieces of gold, 3 gold ornaments, 1 gold earring set with jade, 2 gold tooth mountings, 1 stone earring drop, 1 metal hair-pin, \$8.65 in money, two Canton Government lottery tickets, 5 rattan bangles mounted with gold, 2 jade earring drops knowing the same to have been stolen from No. 157, Queen's Road West, second floor, on March 5. These articles were the property of Chan Kung-ho (46), married woman, and Tam Mei-kul (25), also a married woman.

Detective Sergeant Kinnear prosecuted.

Tam Chai Yau alias Tam Sik Cheung (25), a painter, was also charged with being accessory before the fact of robbery.

They were remanded for 48 hours in Police custody.

THE WHITE AND BLUE ENSIGN

Their Correct Use On Shore

London, Feb. 15.

In view of the inquiries received from time to time regarding the use of the White Ensigns on shore, the Admiralty issue the following memorandum in current Fleet Orders:

The White and Blue Ensigns of H.M. Fleet are purely maritime flags, and in general their use on shore is incorrect.

There has, however, been a customary extension of the use of the White Ensign from the harbour ship used as a fleet establishment to barracks and other buildings on shore serving the same purpose. There has also been a parallel extension of the use of special ensigns from yachts, Customs vessels and the like to their headquarters on the coast—the club house or Customs office. It is common also for the White and Blue Ensigns to be used on cenotaphs and other memorials to naval personnel.

With these exceptions, the use of these ensigns on shore is improper.

Special ensigns worn by yachts are worn under the authority of an Admiralty warrant issued to the yacht-owner. They are the national colours of the yacht, not the personal flag of the owner, and the owner has no shadow of right to fly the yacht's flag elsewhere than on board the yacht.

Similarly, the White Ensign is nothing else but the national colours of a ship of war in commission, and no past service in the Navy or other connection with the Navy can make it correct for anyone to hoist it on private buildings on shore.

REFUSAL TO PLAY NEW

L.B.W. RULE

Test Tour May Be Cancelled

London, Feb. 17.

The Test Matches between India and the M.C.C. arranged for this summer in England may have to be cancelled.

The new lbw rule, which was used in all first-class cricket in this country last season, has been rejected by the Indian Cricket Board of Control, states a Reuter message from New Delhi.

A message to this effect has been sent to the M.C.C. When informed, Viscount Cobham, president, expressed his surprise and regret to a representative of "The Daily Telegraph." He added:

"We shall have to consider this at our meeting on Tuesday. It seems doubtful if we shall be able to arrange the tour now."

Mr. P. F. Warner, chairman of the M.C.C. Selection Committee, expressed astonishment last night at India's decision. "I imagine that the M.C.C. will ask for a reconsideration of the verdict," he said.

STOMACH REMEDY
for Bad Cases

Amazing evidence of the remarkable speed with which indigestion and stomach pains can be stopped has been revealed by medical experiments and X-ray photographs of actual cases. These prove the ingredients of "Bisurated" Magnesia to be the quickest-acting and most effective known to medical science. Within 5 minutes a teaspoonful of "Bisurated" Magnesia in a little water produces complete relief in cases where numerous other remedies had failed utterly.

Its Action Explained—

Simply take a teaspoonful of the powder in a little water. The moment this soothing draught reaches the tortured stomach it begins to soothe the acid, fermenting and digested food. The contents of the stomach become as bland and soothing as milk to the sensitive stomach lining. The pain quickly ceases and the treatment after each meal, your harassed stomach will soon lose its tenderness and grow strong, and you can eat whatever you like and enjoy every meal, without fear of wind and pain.

Brilliant weather favoured the Police for their Annual Sports Meeting at Caroline Hill yesterday, and the many interesting and well-fought events added to the making of a perfect afternoon of recreation. The stand and the Pavilion were gaily decorated and contributed colour to the surroundings.

The success of the afternoon speaks volumes for the committee in charge of the arrangements and organisation of the Sports. Music was provided by the band of the H.M.S. Dorsetshire under Bandmaster T. P. Fortune, by kind permission of Capt. A. J. L. Murray and the officers of the Dorsetshire. AMENDS MADE

Wu Ting Po, unemployed, appeared before Mr. Schofield at the Central Magistracy on Saturday on a remanded charge of theft of a bicycle from 385, Hennessy Road, last year.

It was stated that the defendant's wife had paid \$20 amends to the owner.

Defendant was bound over in a bond of \$50 to be of good behaviour for one year.

ROBBER CAUGHT

Wong Sam, unemployed, was sentenced to three months' hard labour by Mr. Schofield on Saturday at the Central Magistracy when he was found guilty of the charge of attempted robbery at the ground floor of No. 121 Main Street, Shaokwan, at 3.15 a.m. on March 7.

Sergeant Danbrowsky stated that he saw a man running away from the bottom of the stairway of the house. He went up there and found the defendant half inside a doorway trying to reach for a jacket. The door had been partially burst open.

AMAH BOUND OVER

Yuen Lau spinster, was bound over in a personal bond of \$75 to come up for judgment within one year at the Central Magistracy on Saturday when she appeared before Mr. Schofield on two charges of larceny. The first charge related to the taking of a wrist watch the property of Mrs. M. Saga of 256, Lockhart Road, 8rd floor, and secondly a gold finger ring, the property of Yuen Chui, a spinster living at 323, Hennessy Road, 2nd floor.

Det. Sergeant Fiches stated that the defendant was employed as an amah by the first complainant and that she had been dismissed on March 4 as she had been unsatisfactory. She had not been paid any wages and after she had gone the complainant missed her watch. Complainant had gone to the defendant's house and there had heard the second complainant saying that she had lost her ring. The watch was subsequently found beneath the defendant's bed and the ring behind a loose brick in the kitchen.

Remarking that he would give her a chance, His Worship bound her over as previously stated.

STOLEN RICE

Three Chinese appeared before Mr. Macfadyen at the Kowloon Magistracy on Saturday on a charge of the theft of 100 catties of rice from outside the Hop Hing Leung Rice Shop on March 5 or 6.

The defendants were Cheng Hak Kau, (27), Kwok Hing Kee (25), and Cheng Wing Yau 23.

Inspector Chester-Woods, who prosecuted said that the defendants lived next door to the shop in question. The rice was kept outside the shop and on the morning of the 6th the master discovered that some of it was missing.

Defendants admitted that they did take some of the rice but it was only about four catties. They took the rice as they had no work and had nothing to eat.

His Worship fined them \$20 or 3 weeks' hard labour.

OFFENSIVE WEAPON

Chan Sheik Lan (25), and Chan Fuk (29), appeared before Mr. Macfadyen at the Kowloon Magistracy on Saturday on charges of (a) loitering and (b) possession of an offensive weapon.

It appears that the defendants were seen by a detective standing outside a shop at No. 85 Prince Edward Road and as they looked suspicious he went up to them and asked them what they were doing. They could not give a satisfactory explanation so he took them to the Police Station.

First defendant said an answer to charge (a) that he went there to see a friend who had promised to give him some money.

Second defendant said that the first defendant asked him to go along with him.

In answer to (b) charge first defendant said that he accompanied a certain man who wanted to see a friend who had borrowed an overcoat from him. Defendant took the chipping hammer along as he thought that the friend of his may be assaulted.

The prosecution stated that the first defendant owned a man ten dollars and this man had been pressing him for it so he kept watch in order to assault him.

On charge (a) both defendants were convicted and sentenced to 6 weeks' hard labour. First defendant was sentenced to 6 weeks' hard labour on the second charge.

HEROIN PILLS

A heavy fine of \$2000 or 3 months, was imposed on a Chinese woman by Mr. Macfadyen at the Kowloon Magistracy on Saturday for being in possession of 3483 heroin pills.

The woman, Hong Mui Ying admitted the possession of some pills and said that they were given to her in a parcel by another woman. She did not know what was in the packet.

A WOMAN BANISHEE

Ng Yuk King married woman, a returned banishee from Canton appeared before Mr. Macfadyen at the Kowloon Magistracy on Saturday. Defendant stated that she was forced to follow a man with whom she had lived as his mistress to accompany him to the Colony. She did not want to but he said that it would be quite alright for her.

While they were here he wanted to borrow \$10 from her but as she could not give him the money he told the authorities about her.

His Worship did not accept her plea and sentenced her to 6 months' hard labour.

MORE COINING TOOLS

Tong Cheung (39), Tang Yuen Ka (24), were brought before Mr. Macfadyen at the Kowloon Magistracy on Saturday charged with (a) possession of coining tools, (b) possession of coining press and (c) possession of 78 counterfeit five cent pieces.

Defendants were remanded for 48 hours.

TWO SHOTS FIRED BY
DEPUTY

[Special to the "Hong Kong Daily Press" (Copyright).]

Belgrade, Mar. 6.

A preliminary police examination of the Deputy who fired two shots in the Skrupshina on Friday noon, revealed that he is named Damian Armatovitch, belonging to the Yefitch opposition. The motive for his act can not be discovered for the moment. When attacked after he had fired the shot, he tried to wrench himself free, using the shaft of the revolver as weapon, and seriously wounding one Deputy.

When after some time the Premier re-entered the Chamber at the head of the whole Government, he was greeted by cheers for several minutes. There upon several Deputies rose in turn to voice the indignation felt at this assault.—Transocean News Service

LIPTON'S TEA HINTS

There is nothing easier than to make tea well—except to make it badly. So here are some hints on how to make the best of it.

BUYING TEA. Tea is the cheapest and most economical drink in the world. From one pound of good tea you can brew as many as 240 cups. And it pays in the long run to buy good tea because it is more economical to use, and the difference between the cost of one cup of poor tea and one cup of good tea is so infinitesimally small as not to matter. But there is all the difference in the flavour and it is the flavour that is really the luxury that everyone can now afford.

STORE TEA IN AN AIR-TIGHT CONTAINER. Tea loses its flavour if it is exposed to the air for long, especially in a moist climate. It ought to be kept in a caddy, or in a glass jar with a screw top, or in clean tin.

USE THE RIGHT KIND OF TEA-POT. Nothing compares with an ordinary brown earthenware tea-pot for making good tea. This should be carefully cleaned, not just rinsed, to remove all stains and dried after use. When cleaning don't forget the spout; a small brush will come in handy for this.

MEASURE THE QUANTITY OF TEA CAREFULLY. "One teaspoonful per person and one for the pot" is a sound old-fashioned rule that has never been beaten. But if good tea is used there is no need to allow "one for the pot," unless very strong tea is wanted, for good tea is more economical than cheap tea.

USE ONLY FRESHLY BOILED WATER. Take care to warm the pot thoroughly before putting in the tea. Then pour on freshly boiled water—not water that has been allowed to simmer. Better tea will be made if the kettle is kept free from the lime or chalk deposits of hard water.

ALLOW FOUR MINUTES FOR INFUSION. Pour freshly boiled water on to the leaves until the tea-pot is full, but don't pour out the tea into cups until you have allowed it to stand for at least four minutes. The lid, of course, should be put back as soon as the water is poured into the pot, and then the whole should be covered with a cosy. Don't forget that tea should never be allowed to "stew." If it is allowed to stand too long tea loses all its virtue and its flavour.

GOOD RACING AT KWANTI

Spinaway Pays \$78.28 For A Place

The unexpectedly glorious weather experienced yesterday, attracted a large gathering of racing fans to the Spring Meeting of the Fanning Hunt and Race Club which was held at Kwanti. The sport witnessed was good, and commenced sensationally when I. C. Harris on two successive mounts in the first and second races of the programme, was unseated but fortunately came off none the worse after his unseating experience.

The great "kill" of the day came in the Fourth Race—"The March Ladies Race" which attracted a dozen entrants, when Miss Monkton who rode a splendid race over a country course of about 3 miles, brought Spinaway in second, and paid \$78.28 for a place! Only five punters had the foresight to place their money on her mount.

The last race of the day, a 5 furlong flat sprint for Australian ponies, saw Donald Black on Portia record a popular win by a length from Fairy (D. Baker Carr) with Lucy Glitters (H. de B. Pritchard) close behind.

The first two events on the programme, attracted only two entrants, the first of which provided Mr. C. L. Gregory—a promising young jockey—with his initial win at Kwanti.

Mr. I. C. Harris Unseated Twice

"THE SPRING HANDICAP"

Only two ponies faced the starter and Ike (Gregory) was early in the lead. The race was over 1 1/2 miles distance and when the mile post was reached, Ike still had a lead of about two lengths. When coming round the bend for the home stretch Classic Hall (Harris) who carried the public's money—had over taken Ike's rival and was leading by a length. This order was kept until the final fence was reached, when Classic Hall took the leap and then jumped over the railing on the inside, unseating his jockey, to the dismay of the crowd. Ike romped home an undisputed winner in what had promised to be a rare tussle.

"THE SUN WAI HANDICAP STEEPCHASE"

Again only two ponies faced the starter for a 1 1/2 mile steepchase. Ferguson on Diogenes got off to a good start with Harris on Soldier of Italy, left lengths behind at the start. Rounding the far bend Soldier of Italy had made up much of the lost ground when it was noticed that Harris became unseated following a jump. Ferguson brought his mount in an easy canter adding yet another win to his fine pony. Diogenes has not yet been beaten over the sticks.

"THE TALLY HO PLATE"

Seven ponies faced the starter in this race, which was over 1 1/2 miles. Passing the stand the first time round, Estover had a commanding lead which he retained until the end. Iron Cross, Mortmain and Roundhead followed in that order, but coming up the home stretch, Iron Cross and Roundhead faded out of the picture. Racing Strain came up strongly with Mortmain close on his heels to secure the second and third places respectively. Fielden on Estover was never

Guam, \$1.80; Honolulu, \$3; United States (San Francisco), \$4.20.

BANKNOTES IN CIRCULATION

A notification in the "Government Gazette" states that the returns of the average amount in banknotes in circulation and of Hong Kong Government certificates of indebtedness in Hong Kong during the month ended February 29, 1936, as certified by the managers of the respective banks were as follows:

Chartered Bank of India, Australia and China: Average amount, \$24,354,031; Government certificates of indebtedness, \$3,300,000 (in addition sterling securities deposited with the Crown Agents valued at \$763,200).

Hong Kong and Shanghai Banking Corporation: Average amount, \$125,082,297; Government certificates of indebtedness, \$118,235,834.85 (in addition securities deposited with the Crown Agents and Straits Government valued at \$3,284,000).

Mercantile Bank of India, Limited: Average amount, \$2,290,287; Government certificates of indebtedness, \$1,151,200 (in addition securities deposited with the Crown Agents valued at \$190,000, consisting of 4 1/2 per cent. Conversion War Loan, 1940-44, the latest market price of which was 110 1/4-111 1/4).

OPENING SELLING RATES

Notice is given in the "Government Gazette" that the figures representing the average opening selling rates for the month of February, 1936, of the Hong Kong and Shanghai Banking Corporation for demand drafts on London is settled at 15.50.

challenged seriously and brought his mount in comfortably.

"THE MARCH LADIES' RACE"

A dozen of the fair sex faced the starter in this race which was run over a country course of three miles. Two of the ladies became unseated and failed to finish the course, while "still in the country." A bunch of four ponies came into the home stretch together, and excitement ran high. In the best finish of the day, Mrs. Wilson riding superbly on Golden Star brought her mount in first, closely followed by Miss Monkton on Spinaway—a rank outsider—and Mrs. Kearny on That's That in that order. Only three other ponies passed the finishing post and there were Punch (Mrs. Coltart) Spotted Leaf (Mrs. St. Clair Ford) and Glenshee (Mrs. Rybot) fourth, fifth and sixth respectively.

"THE CHAIRMAN'S CUP"

The second last race of the day saw seven starters in an original field of eight, go off to a clean start with Stanton on No Fear in a good lead. Half way through the race No Fear still led with The Loafer (E. M. Devaux) and Jock Scott (Ferguson) in the order named. Coming up the home stretch, I. C. Harris on Jack O'Lantern placed his pony in the lead, and romped home a winner with Jock Scott (Ferguson) second and R.T.P. (D. Baker Carr) (carrying the public's money) third. Josephine (C. S. Archer) No Fear (Stanton) and The Loafer (Devaux) were the only other ponies to finish.

"THE BRISBANE PLATE"

Eight Australian ponies came out for this race, all the field electing to cross the course to the starting post, with the exception of Donald Black on Portia (which eventually won) who rode his mount along the track to the starting flag. The actual start took place behind a slight mound and the first to appear from the mound was Portia followed closely by a bunched field. The leaders kept well together so that the finish was exciting. Portia passed the finish post with a length to spare from Fairy (D. Baker Carr) and Lucy Glitters (H. de B. Pritchard).

HONG KONG, MARCH 9, 1936.

BRITAIN'S BRAKE ON MISHAPS

The campaign led by the British Minister of transport against abuse of the roads is at last beginning to bear fruit. Last year the proportion of casualties per automobile declined. The number of fatal road accidents was reduced from 7343 in 1934 to 5521; injuries dropped from 231,603 to 218,798. During the last year 450 new motor vehicles came on the roads every day; thus the reduction in casualties per thousand vehicles fell from 99 to 87.

Even so, the record remains appalling. The war in Ethiopia is not likely to show a bigger total of persons injured. But a beginning has been made. The public conscience has been aroused. Strenuous measures have been adopted. And the result is to this extent satisfactory: that the evil which was hitherto increasing is now diminishing.

The credit must be given, first, to those who stirred up public opinion in and out-side Parliament to the enormity of the daily massacre on the roads; secondly, to the Minister of Transport, who has been indefatigable in seeking remedies; and thirdly, to the public itself, which is gradually learning to use the highways with more consideration for safety.

Some improvement may be due to the introduction of tests which have kept some inept drivers off the roads.

The record of 1935, improved as it is, is not such that Britain can be proud of it. But results prove that intensive efforts of organization and propaganda are not in vain. The public can be made more alive to its responsibilities, whether they be those of driver, cyclist, or pedestrian.

COMMUNIST MENACE

Nanking, March 6.

Replying to inquiries from private sources here concerning the Communist situation in Yen-shan, it is denied that the Red invaders have penetrated as far as Linshih, south of Fengchow. The main body of the Reds, numbering about 20,000, is located between Chungyang and Shihou, a considerable distance west of Fengchow.

A body of 2,000 Reds, or a time occupied the town of Sanchuen-chien, within the jurisdiction of Fengchow, having attacked the place on the night of March 2. The invaders were dislodged at noon of March 4, however, and left many dead and wounded.

A general offensive was ordered against the invaders on March 3 and serious fighting has since been in progress, with Government troops attacking from the east and south and slowly converging on the main body of the enemy.

ARMY INTEREST IN

Tokyo, March 7.

The Japanese Army is taking a hand in politics to a greater extent than ever.

An Army spokesman said to-day that the Army wants a Cabinet able to pursue a positive and not one which will merely maintain the "status quo."

The Army, apparently, particularly objects to Mr. Shigeru Yoda as Foreign Minister, because he is the son-in-law of Count Makino, former Lord Keeper of the Privy Seal, and one of those whose life the rebellious Army officers attempted in the recent Tokyo "purge."

It is understood that the Navy also criticises the selection of Mr. Koki Hirota's Cabinet.

General Count Terauchi, the War Minister, is interviewing Mr. Hirota to-morrow morning to endeavour to arrive at an understanding.

EXPLOSION IN MILAN

Automobile Works Destroyed

("Hong Kong Daily Press" Special)

Milan, March 7.

A terrific explosion, audible for ten miles around, accompanied by great loss of life, took place on Saturday at 4.30 p.m. at the famous Isotta-Francini automobile and aeroplane motor works in Milan, just as the hands were preparing to close down for the week-end.

The presumption is that gases given off by two adjoining metal fusing furnaces slowly mingled to form an explosive mixture which ignited when one of the furnace doors was opened. A flash instantly shot out, driving the air with such violence that the building was laid in ruins.

One boy who was standing just outside the door was blown for 35 feet by the compressed air wave.

Fifteen corpses have already been recovered but the total number of dead is known to be considerably higher.

JAPANESE AMBASSADOR'S VIEWS ON CHINA

Nanking, Mar. 7.

North China questions should be settled on the spot, but "fundamentally China should recognise Manchukuo," said Mr. Arita, replying to interviewers to-day. He emphatically denied that there would be any change in Japan's policy towards China as a result of the recent coup in Tokyo.

He declared that he would carry out Mr. Hirota's three-point programme, but would exchange views with the Chinese leaders before beginning the negotiations.

THREE-POINT PROGRAMME

Nanking, Mar. 7.

Mr. Hachiro Arita, Japanese Ambassador to China, told a government news agency to-day that he would proceed with Sino-Japanese negotiations on the basis of the three-point programme of Mr. Koki Hirota, Japanese Foreign Minister.

"I am given wide discretionary power in the negotiations," Ambassador Arita said. "I am exchanging opinion with Chinese officials and will observe the situation on the spot. After this preliminary survey, formal parley will start in Nanking."

After staying here for two weeks, Mr. Arita will return to Shanghai. Hereafter he will spend more of his time in the capital.

If Gossip We Must

(By "UNLOOKER")

Arctic Weather, and every body huddled in furs, or crouching over fires.

So many people home on leave, and farewell parties everywhere. At a recent Peak feminineiffin party the guests of honour were our popular bride Mrs. Archie Hamilton who left for India on Saturday, and Mrs. McAvoy who we can ill spare from our colony even for six months leave. All this bustle of departure with tickets being lost, and baggage being wrongly labelled makes us rather thankful that we, ourselves are staying, but it's no joke being seen off—

Thursday night at the Grippe was most festive, and a whole lot of people were looking extremely nice. That popular couple Commander and Mrs. Orum were dining in company with Commander and Mrs. Beaver en route to another party doubtless.

Mr. Jack MacGregor, and his charming sister Mrs. Mullins were dining with friends, and Mrs. Rutherford was with a party, and looked most chic in a cocktail dress of black and white with the smartest high collared effect.

Miss Honor Hancock looked nice as ever in pink, and Miss Patricia Potter ditto in white. It is nice to see Miss Margaret and Miss Rosemary King back in the Colony. The former looked lovely in a beautifully cut black dress, and pale blue is certainly Rosemary's colour.

Mr. and Mrs. Eaton at the Race Course, Happy Valley.

Comn. A. D. Bianconi, Italian Consul-General at Hong Kong, and a friend at the Race Course, Happy Valley.

The most attractive dress of the evening was worn by Miss Peggy Murrow—lovely cherry pink with one of those devastatingly flattering feather boas to match round her shoulders. She and her fiancé were celebrating his return from Singapore and looked very happy.

Lady Shenon came in latish with friends, wearing a becoming brown moire picture frock. Her daughter arrived later still with Mr. Claude Burgess.

How lovely it is to suddenly see an old friend—Miss Susan M'naughten, whose father is the B.A.T. Magnate in Shanghai is staying here for a week on her way to the Northern port. She is looking very well after a long

spell in England, "and obviously very pleased to be back again."

There were quite a lot of strangers to be seen—amongst them the most attractive small edition of Catherine Hepburn—I wonder who she was?

It is amusing going to the Grippe two nights running. Such a lot of the same habits to be seen in different parties. One night a popular lovely may be clad in sumptuous evening kit, and on the next she has just looked in after a "Flick" in ordinary day garb. Then again you get marvellous transformation scenes—a certain very popular damsel was seen on Friday sitting on one of those nice sofas drinking her evening gimlet in a warm suit, and half an hour later she appeared again ready for dinner in a lovely evening frock—having changed—so a little bird told me in the cloak room.

Amongst the diners that evening I saw Captain and Mrs. Delamaine a deux, and a large party of Singapore flying people who seemed in excellent spirits. Mr. and Mrs. Langon were being entertained in company with Miss Anne Dodwell and the Misses Kotewall by members of the firm, and Mr. Richard Johnson who departs for home via ports next week was also in the party. There were lots of naval people including Commander and Mrs. Clutterbuck, Commander Dwan, Mrs. Lovatt, and Mr. Bone all looking very cheerful.

After an interview lasting 30 minutes with Mr. K. Hirota, General Terauchi, who had previously declined the War Ministry, was most reticent, but other sources indicated that Mr. Hirota will not hesitate to change the Cabinet for the purpose of showing his sincerity towards the army's demands. Therefore the negotiations are continuing.

NEW ZEALAND DEFENCES

Wellington, March 6.

The Premier of New Zealand, commenting on Imperial defence, said the Empire's first line of defence should be its population.

This did not mean indiscriminate migration to the Dominions, but the Dominions were anxious to have immigrants who were ready to invest money and devote their life to pioneering. The Dominions did not want spaces filled with struggling wage-earners.

The Premier suggested a round table conference of the Dominions to study defence policy and its development.

He added:—"We don't know what Britain does, and Britain don't know what we do."

RE-MILITARISATION OF RHINELAND AND DENUNCIATION OF LOCARNO

German Decision Causes Great Sensation
France Invoking Action Through The League

London, March 7.
The situation created by entry to-day of German troops into the demilitarised Rhineland Zone and by terms of the memorandum handed by the German Foreign Minister, Baron Von Neurath, to the Ambassadors of the powers who are signatories of the Locarno Treaty is receiving early and careful consideration by the British Government.

While the British Ambassador in Berlin was being presented with a copy of the memorandum, the terms of the document were being revealed to the Foreign Secretary, Mr. Anthony Eden by the German Ambassador in London. Later, Mr. Eden visited the Prime Minister at Chequers, his country house, to discuss with him matters which are thus raised and consultations with others of his ministerial colleagues will take place during the week-end. On Monday the whole position will be reviewed at a meeting of the Cabinet already called for that day.

After receiving the German Ambassador this morning and learning from him the contents of to-day's memorandum, Mr. Eden was visited by the French, Italian and Belgian Ambassadors whose Governments were signatories of the Locarno Treaty, and he discussed with them the question arising out of the proposals contained in the memorandum, the importance of which is fully realised here.

It is interesting to note that in regard to one of the points made in the memorandum namely the proposal for an air pact representations had, with the full knowledge of the French Government already been conveyed to the German Government by the British Foreign Secretary of Britain's anxiety for entering upon discussions between Western powers on such a project. This step was taken yesterday when, at the request of Mr. Eden, the German Ambassador visited the Foreign Office.

STIR IN FRANCE
(“Hong Kong Daily Press” Special)

Paris, Mar. 7.
Immediately on the receipt of a telegram from the French Ambassador in Berlin concerning the German Government's repudiation of the Locarno Treaty, the Foreign Minister conferred with Premier Sarrant, War Minister General Maunier, Ministers Paul-Boncour, Mandel and Commander-in-Chief Gamelin also being summoned to attend the meeting.

It was decided that in the course of the day M. Flandin should discuss the situation with other diplomatic representatives of the Locarno Powers with the exception of Germany, namely England, Italy and Belgium, while it is expected that a Cabinet meeting will be held on Sunday with the President of the Republic taking part. *Transocean News Service.*

EVACUATION DEMAND

Paris, Mar. 7.
The Government intends to insist on evacuation of German troops from the Demilitarised Zone and will demand the support of Britain, Italy and Belgium.

M. Flandin stated that France will bring Germany's repudiation of the Locarno Treaty before the League.

SIGNATORIES SOUNDED

A meeting of representatives of the Locarno power, excluding Germany, was summoned for 8 p.m. It was learned later that no joint meeting will be held to-night as M. Flandin had conferred with representatives of the powers who are signatories to the Locarno Treaty separately in the afternoon. These included the British, Italian and Soviet Ambassadors, and the Polish Charge d'Affaires.

The Ministerial Council which met at 8 p.m. included Premier Sarrant, M. Flandin, the Ministers of War, Marine, League Affairs and Army and Air Chiefs. *Reuter.*

LEAGUE MEETING

Geneva, Mar. 7.
An extraordinary meeting of the League Council is expected to be convened for Tuesday.

BELGIAN REGIMENTS

Brussels, Mar. 7.
It appears certain that officers of the frontier regiments returned from leave on their own initiative, but the Government has not issued a general order stopping leave. *Reuter.*

OFFER UNACCEPTABLE

Paris, Mar. 7.
Chancellor Hitler's offer of mutual demilitarised zones on both

sides of the frontier is described as quite unacceptable in authoritative quarters, which point out that acceptance would involve destruction of the costly French line of fortifications in exchange for withdrawal of German troops from the unfortified area they are now illegally occupying.

By Chancellor Hitler's action the French and German armies will be separated only by a span of a single bridge between Strasbourg and Kehl instead of a strip of thirty-one miles.

It is added that this would compel France to change her defence mobilisation plans.

FLANDIN TO REPLY

Paris, March 7.
The Cabinet meeting scheduled for this morning was cancelled and an inter-ministerial meeting was held at which were present the Defence Ministers and General Gamelin, C-in-C. of the Armies, also General Gamelin's Second-in-Command, General Georges, who had been inspecting the fortifications at the eastern frontier and was summoned from Metz to Paris.

M. Flandin will reply to Chancellor Hitler's speech and the memorandum denouncing the demilitarized zone clauses of the Locarno Treaty in a statement to the press to-night.

“KEEP CALM”

Paris, March 7.
“Keep calm” is the watchword in French political circles and among the Chamber Deputies. There is no sign of being rattled. The Government's two decisions so far are firstly to bring the matter before the League Council forthwith, and secondly, cancel all Army leave from to-day. The Government's definite attitude will be fixed at a Council of Ministers to-morrow after consultation with the British, Belgian and Italian Governments.

Official quarters consider that Chancellor Hitler's move is graver than denunciation of the military clauses of the Treaty of Versailles, but the logical development of his policy will have the effect of strengthening Franco-British solidarity.

NEWS BY WIRELESS

The French population at the eastern frontier regions heard the news of Hitler's announcement with utmost calm. The fact that German troops were back in the Rhineland became generally known by wireless. Several Reichswehr officers are already at Saarbrücken. The rank and file are expected shortly. *Reuter.*

FRONTIER STRENGTHENED

Metz, March 7.
In Lorraine it was officially stated that all Army leave in eastern France is stopped.

Fortifications are being strengthened at the eastern frontier and detachments of mobile guards are being sent to reinforce the frontier police. *Reuter.*

FRENCH MEASURES

Paris, March 7.
In view of the fact that German occupation of the Rhineland was not only symbolic but effected with important detachments, the Government has decided to man the frontier fortifications and intermediate sections, suspend leave in all branches of the Army and recall all men on leave. The measures will be taken to-morrow. At present there is no question of calling up the liberated conscripts or enrolling the next class in advance.

Before the intensifying of military measures the Government

TROOPS ENTER THE ZONE

Wild Scenes Of Enthusiasm

(“Hong Kong Daily Press” Special)

Berlin, March 7.
At 12 o'clock, just before Chancellor Hitler began his historic speech, German troops crossed the bridges at Cologne, Frankfurt, Coblenz, Mainz, Karlsruhe and re-entered the Demilitarised Zone, while detachments detrained from Saarbrücken. The soldiers greeted everywhere with indescribable jubilation by the population which gathered in dense masses to welcome the marching columns.

Cologne residents were astonished to see squadrons of military planes suddenly appear over the City to land shortly afterwards by the first detachment of anti-aircraft battery.

In Mainz the inhabitants went wild with joy as grey-green columns marched over the Rhine bridge, women and girls showering flowers on officers and men, while complete strangers flung their arms around each other's necks in an outburst of emotion. “Now we have got soldiers again” could be heard on all sides from enthusiastic citizens.

Coblenz where a whole regiment arrived in special trains between midday and the afternoon, was also a scene of delirious demonstrations of joy on the part of the population as the soldiers detrained, enthusiasm culminating in a great torchlight parade in the evening. *Transocean News Service.*

Addis Ababa, Mar. 7.

Owing to the bombardment some Kenya orderlies have asked to leave. *Reuter's Bulletin Service.*

desires that German infractions should be officially noted by the League and thereafter, the Government will have to consider whether the national defensive machine should be further strengthened by the addition of the foregoing.

SANCTIONS DEMAND

The Government intends to demand international sanctions against Germany by invoking the League Council's Stresa resolution last year to the effect that economic measures should be taken against a State unilaterally repudiating international undertakings. *Reuter.*

CABINET DECISION

Paris, March 7.
The Cabinet meeting held at 10 a.m. to-day decided that Chancellor Hitler's memorandum is unacceptable.

A meeting of Locarno Treaty signatories will be called in Paris on Tuesday.

The French Premier, M. Sarraut, will broadcast at 7.30 p.m.

The War Minister detailed the security measures to be adopted. The Cabinet authorised the Minister of War, Navy and Air to take such additional steps as circumstances demand.

The decision to bring Germany's action before the Council of the League was approved, without delay. *Reuter.*

SLATE WIPED CLEAN

British Press Views On Germany

London, March 8.

Chancellor Hitler has wiped clean the European slate of everything written thereon since the Anglo-French proposals were made in February 1935 for general pacification in Europe, declares the “Observer,” which urges “let us keep cool heads and just hearts.”

The journal adds that Britain's first need is to repair her defences, and second, to consider Chancellor Hitler's proposals in a spirit of sympathy and goodwill.

Chancellor Hitler's new points are a suggestion that the League Covenant will be disjoined from the Treaty of Versailles and the Rhineland will be honestly recognised as fully and without impediment German. On both these points Hitler is right. There can be no peace without elementary justice and commensurate.

STRIKE FIRST

The “Sunday Times” says “strike first and talk afterwards” was and is the applauded principle of Prussian militarism. The diplomacy of the German Foreign Office before the War transferred it to an international stage, but it withers any kind of international comity.

The value of the whole system proposed by Chancellor Hitler depends on the confidence other powers can feel in keeping German engagements. To this confidence Hitler's present action has dealt a severe blow, but not necessarily a fatal one. The point will have to be dispassionately weighed.

But on the balance it is difficult not to think that in Europe's dangerous drift since 1932 yesterday's events mark a most grave, most alarming and perhaps an irrevocable stage. *Reuter.*

FRENCH INDIGNATION

London, March 8.
While the Rhineland sensation has so far been received calmly in London, the French press are unanimously indignant and energetically reject the argument that the Franco-Soviet pact is responsible for Germany's action.

There is talk of sanctions against Germany, in which connection, the “Echo de Paris” suggests a ban on purchase of German goods and a network of military agreements between sanctionist powers. *Reuter.*

Remnants Of Shire Army In Wild Flight

(“Hong Kong Daily Press” Special)

Rome, March 7.
On the Eritrean front the remnants of the Shire army are continuing their wild flight southwards, states the 149th official Italian war bulletin. The fugitive Abyssinians repeatedly fall victims of the Galla tribes and the Tigre natives who, seizing this long-wished-for opportunity take revenge for years of oppression. The population of the Borana region is likewise deserting their Abyssinian oppressors and placing themselves under Italian protection. One Italian bombing plane circled over Addis Ababa on Saturday without doing anything beyond making observations.

Addis Ababa, March 7.
Heavy fighting on the north front is still in progress, according to the Abyssinian authorities which still deny the “victories” claimed by the Italian reports.

In official circles it is thought that in view of the forthcoming negotiations at Geneva, the Italians will strain every nerve to make further territorial gains before negotiations begin, in order to strengthen the position at the conference table.

Should Italy agree to a truce, some weeks would elapse, it is pointed out here before the complete cessation of hostilities could be brought about since uniform means of communication between

SPEECH CAUSES SENSATION

League Members As Listeners

(“Hong Kong Daily Press” Special)

Geneva, March 7.
Practically every member of the League of Nations' Permanent Secretariat as well as foreign pressmen attentively listened to Chancellor Hitler's speech, which created such a sensation that Signor Mussolini's agreement to the Committee of Thirteen's peace appeal, which became known at about the same time, passed almost without comment.

The impression prevails that the German Government's attitude towards the Locarno Pact expressed in the reoccupation of the Demilitarized Zone is largely offset by the surprisingly far reaching positive offers, such as the conclusion of the non-aggression pact with Lithuania, and above all by return to the League of Nations.

In anti-German circles it is true that every effort is being made to produce an atmosphere of panic, while Soviet-French circles are also inclined to put Germany's return to the League of Nations in the background, compared with the fact of the re-militarization of the Rhineland.

Regarding the official attitude of the League of Nations, it is assumed that Italy will be invited to attend a meeting of the Committee of Thirteen, taking place on Tuesday, which will thus resolve itself into a session of the League Council, which will then consider the situation. *Transocean News Service.*

GERMAN ACCUSATION OF INSINCERITY

Offers To France Withheld From Publication

Berlin, March 8.

French radio stations broadcast last evening a statement expressing surprise at Herr Hitler's denunciation of the Locarno Treaty, especially in view of the Chancellor's recent interview and M. Flandin's request to be informed of Herr Hitler's proposals for basis of Franco-German discussions.

The German Government in reply declares that Chancellor Hitler's interview was known to the French Ambassador the day it was given, but the French Government did not release it for publication until the Chamber had ratified the Franco-Soviet Pact and it was a week after the interview when the French Government instructed the Ambassador to ask Chancellor Hitler to define more precisely the offer of Franco-German discussions. The Ambassador was then told that the repeated precise German offers had not been answered. *Reuter.*

ALLEGATION DENIED

Paris, March 7.
Foreign Office quarters deny absolutely the German allegation that Chancellor Hitler's interview was deliberately held up by the French Government and declared that the French Government had not intervened in any wise in regard to publication.

The denial is confirmed by the journalist, M. De Jouvenel, who says that the interview was given on February 21 and he told Herr von Ribbentrop it will probably be published on March 1, but actually it was published on February 28. *Reuter.*

GENEVA OPINION

Geneva, Mar. 7.
The official view of Chancellor Hitler's declarations is that they would be constituted as a remarkable contribution to European stability if unaccompanied by denunciation of the Locarno Treaty which Germany entered voluntarily. She preferred a headstrong line instead of notifying France that she considered herself to be liberated from the Locarno arrangement if the Franco-Soviet Pact was ratified. It is felt that the speech is intended to drive a wedge between Anglo-French relations.

League circles believe that Germany's action will have no military consequences and that a specific settlement is possible at a special meeting of the League. *Reuter.*

MOSCOW VIEW

Moscow, Mar. 7.
There has been no official comment on Chancellor Hitler's speech so far, but unofficial circles regard it as a last desperate attempt to bluff France into non-ratification of the Franco-Soviet Pact.

However, it is believed that the speech will have the contrary effect of ensuring ratification and it is felt that Herr Hitler's offers of non-aggression pacts cannot be taken seriously in view of Germany's numerous unilateral violations of obligations.

Observers here are perturbed at the reference to Bolshevism as portending Germany's warlike intentions against the Soviet. *Reuter.*

HOLLAND

The Hague, Mar. 7.

ITALY

Rome, Mar. 7.
Italy is now displeased with Chancellor Hitler's pronouncement and is particularly satisfied with the references to colonies and Germany's return to the League which will provide a counterbalancing force as it is generally felt that the League is too much under the domination of Britain and France.

It is now revealed that Signor Mussolini last week refused a German approach to join in denunciation of the Locarno Treaty. *Reuter.*

Chancellor Hitler's declarations became known after closing of the Stock Exchange. A great slump set in the street market and grave anxiety was caused in financial circles. *Reuter.*

UNITED STATES

Washington, Mar. 7.
In the absence of immediate official reaction, observers refrained from definite comment on the re-militarisation of the Rhineland, but there is general agreement that the move constitutes a direct challenge to France. It is not expected that France will find Chancellor Hitler's conditional offer of a non-aggression pact acceptable. In New York there was frenzied buying of war commodity shares on the Stock Exchange when Chancellor Hitler's decisions became known. Aeroplane shares soared and French francs fell nearly two points. *Reuter.*

GLORIOUS UNCERTAINTY OF CRICKET

Prospective Champions Badly Trowned

The glorious uncertainty of cricket was fully demonstrated on Saturday when in the senior league encounter between the prospective champions—the I.R.C. and the University, the Varsity tads trounced the Indians unexpectedly by 104 runs, thanks mainly being due to the versatile E. Gosano who did very well with both bat and ball.

Gosano was literally responsible for their victory, besides collecting 51 runs in no uncertain manner he went on to capture 8 of the Indian wickets for 20 runs—a no mean achievement. The Indians were unable to withstand his bowling and, at one stage the losers lost 5 wickets for 16 runs.

By this defeat the Indians are not in a very sound position being two points ahead of the K.C.C. who has one match in hand. Should the K.C.C. intend to carry off the league they must defeat the University in their last match, a draw will automatically give the Indians the Shield.

There was only one other senior game played on Saturday, the Civil Service accounting for the C.C.C. while in the three junior league games two ended in draws, the C.C.C. had the better over the Civil Service.

At the conclusion of the events Mr. A. I. Shields, Commodore of the Royal Hong Kong Yacht Club, made a brief speech in which he thanked the guests for their presence, and congratulated the winners on their prowess. He then distributed the prizes.

MACAO WINS HOCKEY

COLONY'S FAILURE IN ATTACK

A Deserved Victory

For the first time in three official encounters to-date, Macao were successful on Saturday in defeating the Colony side in an interport encounter played at King's Park, by the only goal scored. The effort came late in the match, but was thoroughly deserved, for on the day's play, the visitors were vastly superior in stickwork and speed, and had a much harassed Hong Kong defence on their toes for the whole of the game.

Only a fair crowd was present to witness the match, the visitors goal coming from the stick of P. Angelo in the 54th minute of the game.

The series played to date read as follows: 1934, Hong Kong 1, Macao 1 (played in Hong Kong); 1935, Macao 1, Hong Kong 3 (played in Macao); 1936, Hong Kong 0, Macao 1.

The display of Hong Kong as a team must come as a bitter disappointment to all local enthusiasts and to the Selection Committee in particular. In the two inside berths in the forward line Lt. Burch (Navy) and Lieut. Dawson (Army) failed miserably with the result that G. Singh (centre forward) had to forage for himself. This inaptitude of the three inside men, crippled the forward line, which combined with the fact that Lal Singh (L. Wing) apparently had an off-day, saw the visitors' defence assuming an ascendancy that became more apparent as the game continued.

H.K. SHONE IN DEFENCE

As a result the Hong Kong's defence shouldered most of the burden, and to Lt. Williams, W. A. Reed and Alar Din, the half back trio, credit is due for the hard work put in by all, while Guest and Kushen Singh, full backs, struck real form and were in no small way responsible for keeping the visitors out until the final minutes of the game. A. B. Owens, a goal did not inspire confidence in the first half but improved later when he made some fine clearances.

The outstanding player on the field was A. Airoso, the Macao pivot who dazzled with his neat interceptions and spoon fed passes to his forward line. In direct contrast to Hong Kong, the visitors' forward line showed fine understanding and delighted with their brilliant team work, that spells danger time and again.

P. Almada in goal because of the failure of the Colony attack, had little to do, while R. Rozario and N. Cardoso (full backs) played steadily and gave little away.

The visitors were jubilant with their success, which coming as it does closely on the heels of their none too successful visit to Hong Kong recently when they were defeated by the Kowloon Indian Tennis Club (last season's winners of the Mamak League) and a draw with the H.K.S. Brigade eleven, is all the more creditable. Lt. F. da Costa, "Father of Macao hockey" was the recipient of hearty congratulations on his team's success.

The teams were:—
Macao:—P. Almada, R. Rozario and N. Cardoso; J. Nolasco, A. Airoso and L. da Costa; F. Nolasco, R. Ramalho, P. Angelo H. Rozario and A. Angelo.
Hong Kong:—A. B. Owen (Navy); A. E. P. Guest (Radio) and Kishen Singh (Army); Lt. J. P. Williams (Army) (Captain); W.

WEEK-END FOOTBALL

(Continued from Page 10)

Farrow, the Club's centre half was responsible for Lee's inability to get on the move and through his clever watching of the Chinese idol he caused Lee to make numerous blunders.

Sid Strange and Hill played no small part in keeping the Chinese forwards at bay for they were very alert and brought off some glorious and clever clearings.

The Club forwards showed a vastly improved form, it being clearly seen that Bickford and Wilson combined to make a very formidable left wing partnership and it was from this direction that three of the goals were scored.

The score does not by any means indicate that the Chinese were a weak side. They have always proved themselves to be a very formidable force to reckon with, and their showing on Saturday was quite up to standard. It is the Club's defence that was their trouble for even with their many fine movements they were unable to penetrate to within a dangerous distance.

FOWLER SHINES

The game opened with a free-kick to what was to come. Farrow placed a free-kick to Wilson, who skied over the bar from five yards. After six minutes, however, Elliott paced the Club ahead with a low drive into the left-hand corner, and from this point the Club never looked back.

It was not long before they obtained their second goal, fully merited too, on their inspired showing. A high centre by Bickford saw Fowler cut in and he into the net before Wong Wing could reach the ball.

This completed the first-half scoring, but after only four minutes of play in the second period Elliott sent out a beautiful pass to Bickford who immediately placed the ball in front of goal, where Fowler dashed in, took the ball clean off Lee Tin-sang's boot and whisked it into the net!

Shortly after, taking a forward pass from Ernie Strange in his stride, Bickford drew Lee Tin-sang away from goal before sending over a high centre to the waiting Fowler, who neatly headed past Wong Wing for his hat-trick.

So, made the opening for the final goal, swerving over to the right before parting to Elliott, whose first attempt was blocked but whose second shot shook the rigging!

Club:—Rodger, Hill, S. Strange, Drown, Farrow, E. Strange, Fowler, Pearce, Elliott, Wilson and Bickford.

S. China "A":—Wong Wing, Lee Tin-sang, Lau Mau, Leung Wing-chui, Wong Mee-shun, Lee Kwok-wai, Tso Kwai-shing, Fung King-cheung, Lee Wai-tong, Ip Pak-wah and Toy Que-lung.

NAVY DESERVED VICTORY

The Club de Recreio senior soccer team received a surprise on Saturday when they encountered the Navy at King's park and suffered a 3 goals to 1 defeat.

It was indeed a very hard struggle and the Navy well deserved their victory, but even so the Recs had an equal share of the game throughout.

After 20 minutes Canell opened the score for the Navy, and the first half ended with the sailors leading by the only goal.

Gomes equalised for Recreio with an almost unstoppable shot from close range, but, receiving a pass from Wearmouth, Baxter placed the Navy ahead again, and almost immediately after Rore headed a fine goal from almost 10 yards out.

POLICE GOOD SHOW

A huge crowd turned out on Saturday to witness the encounter between the Police seniors and the Royal Ulster Rifles in a First Division League game. The result of a very hard fought struggle was a two all victory for the Police.

The Rifles were somewhat unfortunate to have been defeated by the margin of 2 clear goals, for they certainly had quite a good bit of the game.

The Police were the first to score, after 18 minutes, when Moss cut in from the left and beat Connor all ends up with a powerful drive.

This was after play had been in favour of the Rifles, but they were not disheartened by this reverse and went away on their right

where Ferguson miskicked in front of goal. Shortly afterwards, the same player had very bad luck when he struck the post with a magnificent shot.

From an attack by the Police they went further ahead when Pope, who was standing in a good position, sent home a good shot from a perfect pass from Moss on the left.

GUNNERS LOSE TO SAINTS

Although playing with a man short Saint Joseph's College had little difficulty in dealing with the R.A. Stonecutters whom they defeated by four clear goals in a First Division League game at Causeway Bay on Saturday.

The Gunners attacked in the first place, Baylor causing Souza to go full length to a great ground shot. St. Joseph's then took the offensive, and Leonard scored when Ward gave him a perfect through pass, leaving him with only a Hall to beat. Ward increased the score soon afterwards when Fernandes placed him in possession with a neat back pass.

St. Joseph's made the score three just before half time, when Fernandes again beat Roscoe and Lewis and sent the ball to Leonard, who had no difficulty in scoring.

The Gunners attack for the whole of the second half, but St. Joseph's increased their score through Fernandes.

THREE PENALTY GOALS

Playing against the Athletic at home on Saturday the Kowloon team suffered a 2 to 1 defeat in a game which lacked interest or excitement.

The game promised to be a fast one at the start, but the dash shown by the Kowloon forwards soon disappeared and the game became a scrappy affair in which the Chinese had the advantage. Before the match commenced Knox was limping with a pulled muscle, and by the time the interval arrived he was little more than a "has senger" in the team.

Yeung Kan-po opened the scoring, but G. White equalised from a penalty. The Chinese should have led at the interval, but Cheong Moon-wing failed with a penalty kick. In the second half Mak Sul-hon converted a penalty to give the Athletic the points.

ANOTHER DRAW FOR S. CHINA "B"

Undergoing many an anxious moment, the South China "B" team managed to emerge from the fray with a draw when they met the Fusiliers at Sookunpoo on Saturday, neither side getting a single goal.

The Fusiliers were distinctly the superior side and with additional steadiness in the vicinity of goal should have gathered full points from this meeting. Where they were inclined to go wrong was the way they so frequently played the ball into the air, which, while it often kept danger to the China goal, nevertheless proved to be their own undoing, the Chinese defenders always being able to cope with these dropping passes.

After the interval, the Fusiliers pressed hard and Wong Wah-kai made great saves from Harrison, Hughes, Evans and Coakley. The Evans completely beat the South China keeper with a deft header, but the ball rebounded into play off the foot of the post. Just before the close, Roberts had what seemed to be a certain match winner charged down by a defender.

MACAO WELL REWARDED

Civilians Defeated In An Even Game

Fresh from their victory over the Colony Interport side the Macau team obtained another well earned victory yesterday when they met and defeated the Colony Civilians team by one goal to nil after a very even encounter.

For the first half, the game did not bring forth any excitement whatsoever, but towards the closing stages great excitement reigned in both territories.

To be exact a draw of one all would have been a correct indication judging from the run of play. The Civilians were without the services of Guest who was unable to play owing to an injury sustained in the Interport game the previous day.

Right from the start the Macau team began to press but their advance was repulsed by some clever work on the part of Willie Reed.

Eleven minutes after the start H. Rozario netted for Macau after a free hit had been awarded them. Straight from the bully off, the Civilians took the ball well within the Macau circle, but a fine passing movement between Pinto and Souza was broken up in the nick of time.

There was a marked comparison between the two sets of forwards; the Civilians looked quite a rugged lot compared to their opponents who moved up the field and flashed the ball to one another with speed and accuracy.

A WASTED EFFORT

Shortly before the interval Pinto took the ball almost on the back line, but then he made the sad mistake of trying to take a shot himself, the result of which was a feeble effort. Had he only passed to Souza who was absolutely unmarked that player could easily have netted a fine goal.

Fowler on the extreme right wing played a good game, but Divett his inside man was not up to the mark and was inclined to rush, tactics which did not pay against the nippy Macau defence.

Both Cardoso and R. Rozario were sound at back but Alrosa at centre-half was too good for the Civilians' attack and his watchfulness over G. Singh caused the Sikh some worry.

G. Singh played his usual steady game but he failed to combine with Divett with the result that the forwards were ineffective. Souza on the left wing and Pinto featured in some fine movements but their finishing efforts were either broken up or wasted.

In the second half Pinto connected with a fine drive which found the net, but the shot was ruled "sticks" and the goal was disallowed.

Still maintaining the lead by the solitary goal the Macau team went on to play splendid hockey, some of their raids being very delightful to watch. However they managed to hold out and the final whistle came with the score sheet still 1-0 in their favour.

The teams were as follows:—Macau:—P. Almada; R. Rozario and N. Cardoso; J. Nolasco, A. Afrosa and L. da Costa; F. Nolasco, R. Ramalho, P. Angelo, H. Rozario and I. R. Alrosa.

Civilians:—Ramzan (K.I.T.C.), G. Sommer (Club) and J. E. Potter (Club); A. P. Silva (Recreio), W. A. Reed (Club), Beltrao (Recreio); G. E. R. Divett (Club), S. A. Fowler (Club), A. P. Souza (K.I.T.C.), J. M. Pinto (K.I.T.C.), Gur-bachan Singh (Radio).

SEVEN-A-SIDE RUGGER

Club Wins Blarney Stone Trophy

Some very exciting sport was witnessed on Saturday by a large crowd when the Quarter-Finals, Semi-Finals and Final of the Blarney Stone Seven-A-Side Rugby Tournament, held under the auspices of the Rugby section of the Hong Kong Football Club were played off.

Among the large gathering was H. E. the Governor, Sir Andrew Caldecott, attended by Captain, W. J. R. Cragg, H.E., the General Officer Commanding the Troops, Major-General A. W. Bartholomew, attended by Lieut. P. J. Howarth, R.A., A.D.C., Mr. G. H. Potts, President of the Club, Mr. V. M. Grayburn, Chief Manager of the Hong Kong and Shanghai Banking, Corps, and Col. H.B.L. Dowbiggin.

In the opening round the Fusilier "A" team defeated H.M. S. Tamar by two tries (6 points). In their Quarter-finals the Club "A" proved too good for the Rifles and won by two goals and a try (13 points) to a try.

A thrilling encounter featured by a stout-hearted effort on the part of six Dorsetshire men, saw the latter beat the Fusilier "C" team by a goal and a try (8 points) to a goal (5 points) after extra time had been called for.

BANK SURPRISED

The Fusilier "B" caused a sensation when they beat the H. K. Bank by a goal and two tries (11 points) to a goal (5 points). Fus. Preece, the soldiers' scrum-half, was outstanding, while Jones and Kelshaw rendered invaluable aid.

The Club "A" proved too good for the Fusilier "A" in their Semi-Final Round encounter, Grieve and Bidwell again being in the limelight with brilliant tries. The Club won by three goals (15 points) to a goal (5 points). The Fusilier "B" team over-whelmed the Dorsetshire in their semi-final round encounter, winning by three goals and a try (13 points) to a penalty goal (3 points).

THE FINAL

The Final round saw the Fusiliers "B" team giving the Club a surprise when they led by 10 points to 3.

Bidwell opened the scoring with a sensational run of practically the whole length of the field, and whole length of his effort. Soon after Peers went over in the corner, Bidwell failing with the kick, but Jones, the Fusilier full-back, reduced the arrears when he broke through for Kelshaw to convert.

Preece then injured only six men, the Fusiliers took the lead when Watkins scrambled over the Club line for Kelshaw to convert. The second half saw a Club revival, Bidwell breaking through to convert his own try, and soon he and Grieve were seen in a movement which ended in the latter scoring and the former again converting.

The Fusiliers were undaunted, however, and Kelshaw reduced the arrears with a good try, adding the goal points with a fine kick. Just before the end, however, Grieve made an 80-yard run for the last try of the game, Bidwell took 5 for 72.

H.E. the Governor congratulated the teams and presented the Blarney Stone Shield to A. F. Walkden, skipper of the Club side, following which three cheers were given for His Excellency.

In the second effort the M.C.C. had made 142 for 2 at the close of the second day's play.

SCHOOL BOYS' LEAGUE

Next season might witness the organisation of a schoolboy Inter-School Football League. The Chinese Y.M.C.A., we understand on good authority may take the initiative next season and launch the league, which will fill a long felt need.

At the annual general meeting of the Hong Kong Football Association, the parent body of local football circles, Mr. R. M. Omar made a strong and eloquent appeal to the association to take steps in the matter. Major C. C. Manners, then Chairman of the Association promised that the scheme would be given every consideration, but up-to-date nothing has materialised.

Mr. Omar in his plea, recalled the school-boy league that flourished in his boyhood days, but emphasised that disunion of the league followed disputes regarding qualified referees.

Now with the Y.M.C.A. willing to take the initiative, the same handicap is expressed. It is thought difficulty will be experienced in obtaining the services of qualified referees.

The scheme needs the whole-hearted co-operation of all concerned, for it seems needless to point out the benefit local soccer will derive, if keen and healthy competition is fostered among the school-boys in "nursery soccer."

THE SHARE MARKET

Harriman's Weekly Review

Saturday, Mar. 7.
Messrs. G. A. Harriman & Co.'s weekly share report and market review issued at noon to-day states:—

The market opened quietly after the Races but did not take very long to get going again and with many stocks standing at very attractive levels after their recent decline the volume of trading increased day by day and the turnover was her encouraging. The encouragement came mostly from bargain hunters who were prepared to buy anything within reason at the attractive level's ruling and if there is any liquidation to speak of for Settlement account (which we very much doubt) we are confident all offering will be readily absorbed and people hoping and looking for bargains will be disappointed if they wait too long, as with Chinese New Year and the Races out of the way the market is ready to go ahead again at any moment! During the week Hongkong Lands were somewhat out of favour and were marked down to \$32 1/2 (ex the final dividend of \$1.00) and Star Ferries to \$88.00. Hongkong Trams again eased off with shares changing hands at \$11.10/20 (ex dividend). Hongkong Electric went to sleep during Race week and were done at the reduced rate of \$7 1/2, but the moment the market shows signs of revival the value of the new issue will be more appreciated at these attractive levels. Telephones (old) were on offer at \$25 1/2 and the new shares at \$9.10. Dairy Farms declined to \$21, at which rate a fair amount of business was done. Wharves were in demand around \$91 (ex dividend). Minor issues ruled easier. Providents (old) changed hands at \$130/40. Hotels touched a new low level of \$4, but closed much firmer with very strong enquiries at \$4.30. China Lights (old) were dealt in at \$10.60/90, the new shares having been done at \$8. Cements were somewhat easier shares obtainable at \$8.20. Mining shares again attracted attention. Antamoks were done in quantity at \$1.95/2.00. Benguet Exploration at 15 cts. United Paracels at 39 cts. and Gold Rivers at 7 1/4 cts. Raubs again came to business at the slightly enhanced rate of \$11.70. Sterling counters showed very little change. Hongkong Banks had sales reported at \$1555 and Unions at \$547 1/2. Although trading in the market is still not very brisk the tone at the close is very steady and no small quantity of buying is being done quietly so we cannot help but anticipate that there is plenty of activity to come with the slow but sure easing of the money market. Business during the week has been done at the following prices:—

Hongkong Banks, \$1555.
Unions, \$547 1/2.
Antamoks, \$1.95/2.00.
Raubs, \$11.70.
H.K. Trams, \$11.10/11.20.
Dairy Farms, \$21.
Vanz Goldfield, \$31.
Providents (old), \$130/140.
Lights (old), \$10.60/10.90.
Lights (new), \$8.
H. K. Ropes, \$4 1/2.
Benguet Explorations, 15 cts.
Gold Rivers, 7 cts/7 1/4 cts.
H. K. Hotels, \$4.
H. K. Lands, \$32 1/2.
H. K. Electric, \$72.
Telephones (old), \$25.65/25 1/2.
Telephones (new), \$9.

Underwriters, \$1.05.
